# TRANSPORTATION STORIES

Madison Metro is redesigning several bus routes later this year. We have teamed up with the Sierra Club Four Lakes Chapter to gather stories from the public about where bus transportation access to parks could be improved.

If you have ever had trouble getting to a park or trail in Dane County due to limited or nonexistent bus access then we would love to hear your story!

We hope to compile these stories and work with Madison Metro to see where bus lines could be improved or expanded to help the public reach certain parks.
