

Using Parks, Trails and Outdoor Spaces

COVID-19 Public Use Protocols

Gates, playground equipment and other park furniture are not being sanitized at this time. Use a glove or your elbow to avoid common touching sites (gates, handles, tables etc.) and/or use hand sanitizer or disinfectant wipes if touching can't be avoided.

When visiting your parks, please bring your own hand sanitizer, toilet paper, disinfecting wipes and/or gloves and take out your own trash.
